Warsaw Ballroom

Temple Isaiah, Palm Springs

8:30am Coffee & Snacks

9:00am- 1:00pm Program

RSVP: Striving@LKAPS.org

JOIN US, ALL ARE WELCOME, WE WANT TO HEAR FROM YOU

The purpose of a town hall is to create a safe space for community to share what they know with neighbors. Those of us STRIVING with HIV and over 50 years of age are concerned we are the first generation of people aging with HIV ever seen by doctors and health officials.

LKAPS.org supports education and advocacy to raise awareness of long-term survivors' challenges, and treatment and support needs.

Topics for Discussion:

- What are Standards of Care and what should I expect from healthcare?
- Has my HIV care changed now that I am over 50 years old?
- My doctor is about to retire. What are my options?
- And much more...
